Contact Information

If you've had a change of address or phone number, please inform Sequoia's office staff, so you can be reached in case of an emergency or student illness.

Connect Ed calls should be coming to your home telephone number to remind you of special events, school holidays, and other important information. These calls are also implemented in case of emergency or critical information which might effect the entire school population. If you would like Connect Ed calls routed to a new or different phone number, please update your emergency card in the office.

Kindergarten Registration

We are currently accepting registration for next year kindergarten. Registration forms can be picked up in the office or downloaded from Sequoia's website: www.sequoiaelementary.com

Have you checked out Sequoia's website lately? Most frequently asked questions can be answered by looking on our website.

Benchmark Assessments

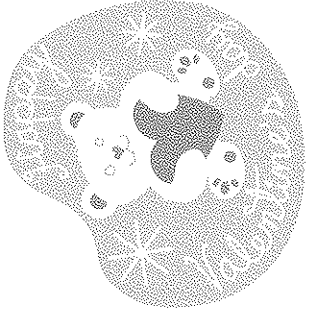

This month Sequoia's students in grades 2-6 will be completing their second benchmark assessment in English Language Arts and Math. These tests are very important; they help prepare our students for the California Standards Tests (CST's) and they help teachers measure how students are progressing academically. Please talk with your student about the Benchmark Assessments, review their performance level, and support their teacher as they work to help all of our students master grade level proficiency.

PTA Membership

It is still not too late to join Sequoia's Parent/Teacher Association (PTA). This important group provides funds to pay for field trip transportation, sponsors over 10 family events at Sequoia, and gives direct block grants to every teacher on staff (which helps pay for classroom supplies and extracurricular learning experiences). **We expect every family and every parent to join this group.** Please fill out the membership form (available in the office) and turn in your membership fee of \$6.00 immediately. Thank you.
